Google SafeSearch

Controls & Settings guide

SafeSearch can help you block inappropriate or explicit images from your Google Search results. The SafeSearch filter isn't 100% accurate, but it helps you avoid most violent and adult content.

What do I need?

A Google Account (Email address and password)

Restrictions you can apply

Inappropriate content

Step by Step instructions

1. **Go to Search Settings ☑ .**

2. **Under "SafeSearch filters," check or uncheck the box next to "Turn on SafeSearch."**

Google

Search Settings
